

## MADURAI AGRI BUSINESS INCUBATION FORUM

## JOIN OUR THRIVING COMMUNITY OF AGRIBUSINESS STARTUPS

MABIF is an initiative of NABARD & TNAU to promote Agribusiness in the southern region of Tamilnadu. The Madurai Agribusiness Incubation Forum (MABIF) proposes to expand its reach in agribusiness development throughout Tamilnadu. Business incubators provide start-ups and early-stage businesses with the support and resources those young companies find difficult to access. MABIF involves access such as networks, investors, mentors, or co-working space alongside other businesses and Experienced Professionals.

**“VISION”**

NABARD - MADURAI AGRIBUSINESS INCUBATION FORUM  
AN INITIATIVE OF NABARD & TNAU

**“MISSION”**

MABIF envisions establishing the first seamlessly integrated agribusiness incubator, with network linkages to the food value chain. It aims to position South Tamil Nadu as a leader in India's food processing sector, incubating world-class agribusiness enterprises.

The mission of MABIF is to create a hub for innovative agricultural and agribusiness solutions. This includes developing top-tier infrastructure, knowledge, human resources, and a competitive, yet cooperative culture.

# FOREWORD

**Dr. K. SUBRAHMANIYAN**  
Acting Vice-Chancellor  
Tamil Nadu Agricultural University

As the Acting Vice-Chancellor of Tamil Nadu Agricultural University (TNAU) and Honorary President of the Madurai Agri Business Incubation Forum (MABIF), located at the Agricultural College & Research Institute, Madurai, I am pleased to recognize MABIF as a leading institution in agribusiness innovation and entrepreneurship development.

Established by TNAU with support from NABARD, MABIF has grown into a key hub that nurtures entrepreneurial mindset, innovation and value addition in the agribusiness sector. Since its establishment, MABIF has supported the incubation of nearly 535 startups and onboarded 554 Farmer Producer Organizations (FPOs), along with 60 individual farmers across Tamil Nadu. Notably, 30% of its beneficiaries are women entrepreneurs who actively utilize MABIF's advanced processing facilities and specialized startup programs.

To enhance visibility and market opportunities, MABIF hosts the NABARD GIFC and the MABIF Product Promotional Centre, widely known as the "Gateway of Madura." These platforms significantly contribute to the promotion of startups, FPOs and Geographical Indication (GI) products by facilitating access to wider domestic and international markets.

MABIF has also demonstrated a strong commitment to Intellectual Property Rights (IPR), supporting innovators among startups, MSMEs, students and entrepreneurs. The centre has facilitated the filing of 140 trademarks, 20 patents, and 70 Geographical Indications (GIs), reflecting its dedication to protecting and commercializing innovations.

Recognized by NABARD as a Cluster-Based Business Organization (CBBO), MABIF has enabled the formation of 25 FPOs across various districts in Tamil Nadu. Over 70,000 farmers and 25,000 students have visited MABIF's incubation facilities and benefitted from its vibrant agripreneurial ecosystem.

MABIF's initiatives are thoughtfully designed, integrating technical expertise, modern infrastructure and mentorship under the guidance of the Dean, Agricultural College & Research Institute, Madurai and the Director, Directorate of Agribusiness Development (DABD), TNAU. Its major focus areas—Innovation, Incubation, Technology Commercialization, Product Development, Value Chain Development, Technology Transfer, Mentorship and Capacity Building—continue to drive meaningful transformation in the agribusiness sector.

I wholeheartedly appreciate the efforts of the MABIF team and DABD for their persistent dedication and forward-looking vision in empowering entrepreneurs, farmers, and agribusiness enterprises. I wish them continued success in advancing sustainable and inclusive growth in agriculture.

MABIF successfully conducted the Certificate Course on Bakery Product and Chikki Value Addition under the TNSDC Skill Development Training – Vetri Nichayam initiative from 30.10.2025 to 28.11.2025.

This intensive 26-day training program empowered participants with hands-on skills in bakery techniques, chikki value addition, product development, hygiene practices, packaging, and small-scale entrepreneurship.

A total of 25 enthusiastic trainees actively participated and completed the course, gaining valuable knowledge to build their career in the food processing sector.

# TRAINING PROGRAM

## Agri business Management Development Program for Prospective CEOs of FPOs (ABMDP) at MABIF

Training Programme on Agri Business Management Development Programme (ABMDP)  
 a-IDEA NAARM & NABARD MABIF  
 Date: 01<sup>st</sup> - 06<sup>th</sup> December 2025.

Training Programme on Agri Business Management Development Programme (ABMDP)  
 a-IDEA NAARM & NABARD MABIF  
 Date: 01<sup>st</sup> - 06<sup>th</sup> December 2025.

a-IDEA, ICAR-NAARM, in collaboration with NABARD MABIF (an initiative of NABARD & TNAU), jointly organized the Agri business Management Development Program for Prospective CEOs of FPOs (ABMDP) – Tamil Nadu, a 60 days capacity-building initiative, with the first six days of training conducted at MABIF held from 01st to 06th December 2025. The programme was designed to enhance the managerial, legal and organizational skills of students and prepare them for CEO-level roles in Farmer Producer Organizations (FPOs), CBBOs, NGOs and agri-startups.

The programme was inaugurated by Shri R. Anand, CGM, NABARD, TN RO, Dr. E. Somasundaram, Director, DABD-TNAU, Coimbatore and Dr. P. P. Mahendran, Dean, AC & RI, Madurai, in the presence of Mr. A. Sakthibalan, AGM, NABARD-Madurai and Er. Ganesh Moorthy K, ED & CEO, NABARD MABIF.

A total of 30 students participated in the programme. Experts from ESAF Foundation, Samunnati, SEEDS, AGBIZ Technocrats, Viruthai, and RPFC led sessions on FPO governance, statutory compliance, organizational and human resource management, leadership responsibilities of FPO CEOs, board processes, institutional structures, and government schemes. The programme emphasized practical learning through case studies, group activities, and assignments, with the objective of developing competent, sustainable, and professionally managed FPO leadership in Tamil Nadu.

# TRAINING PROGRAM

## "Entrepreneurship Growth"

NABARD MABIF delivered a Workshop on "Entrepreneurship Growth" at the District Collectorate, Madurai for entrepreneurs supported under the Greenpreneurs Initiative implemented by ADRA India, in collaboration with UNHCR.

The session focused on practical and application-oriented aspects of micro-enterprise development, covering:

- Sustainable and cost-effective business operations
- Step-by-step business expansion strategies
- Diversification opportunities for micro and home-based enterprises
- Importance of incubation support in reducing business risk
- Awareness on key government schemes such as PMFME, PMEGP, MUDRA, CGTMSE, DAY-NULM and Stand-Up India
- Basic statutory compliances including Udyam Registration, FSSAI (FoSCoS), and GST fundamentals

The participants included Sri Lankan refugee entrepreneurs engaged in small-scale eco-friendly businesses such as food processing, hair oil preparation, petty shops, and repair services. The objective was to support them in formalizing, stabilizing and sustainably growing their livelihood activities.

# TRAINING PROGRAM

## FoSTaC Training Programme

MABIF successfully conducted the FoSTaC Training Programme on 13th December 2025 at NABARD MABIF, Agricultural College & Research Institute, Madurai. With an enthusiastic participation of 15 aspiring Food Safety Supervisors, the session served as a powerful platform to deepen their knowledge and skills in food safety practices within the industry.

### Training Highlights:

**Course Category (Basics):** Laying a strong foundation for a comprehensive grasp of FSS.

**Course Type (Manufacturing):** Diving deep into the intricacies of the manufacturing process.

**Course Sub-Type (Basic Manufacturing & Covid):** Exploring essential aspects and staying updated with the latest in manufacturing. Special emphasis on understanding Covid considerations in the Food industry & Supply chain.

# TRAINING PROGRAM

## FoSTaC Training Programme

## "FPO Samagam Mela 2025"

NABARD Madurai Agri Business Incubation Forum (NABARD MABIF) FPOs had a remarkable presence at "FPO Samagam Mela 2025" organized by the Ministry of Agriculture & Farmers Welfare, Government of India, to celebrate and strengthen Farmer Producer Organizations (FPOs) and the Indian agriculture sector from 30th to 31st October 2025 at NCDC - 4, Siri Institutional Area Hauz Khos, New delhi.

The event served as an excellent platform for meaningful engagement, where our FPOs had insightful interactions with Shri. Shivaraj Singh Chauhan, Hon'ble Minister of Agriculture and Farmers Welfare.

An Initiative of NABARD & TNAU

FPOs showcased their innovative and value-added food products, gaining exposure to both domestic and international markets. MABIF has been consistently facilitating network and business linkages for Startups, FPOs and farmers through various mela and expos and this event further strengthened those opportunities with the support of NABARD and TNAU.

The following MABIF FPOs were supported to participate in the mela:

- Vagai Millets FPCL, Makilam FPCL, Karunganni FPCL, Sangai Gomathi FPCL, Shri Kenga FPCL

## NABARD MABIF Incubatee!

NABARD MABIF's incubatee, M/s. Sea Eden Pvt Ltd has officially signed the Memorandum of Agreement (MoA) with ICAR- Indian Council of Agricultural Research, Pusa Krishi, ICAR- IARI, New Delhi, for a grant of ₹5,00,000 under the RKVY- RAFTAAR Scheme, Ministry of Agriculture & Farmers Welfare, Government of India.

This grant will support the development and scale-up of Sea Eden's Salt-Tolerant Biofertilizer, an innovation designed to empower farmers cultivating in saline soils and climate-stressed environments.

Sea Eden Pvt Ltd goal is to deliver science-backed, sustainable agri-biologicals that improve soil health, enhance crop resilience and support the future of Indian agriculture.

This recognition from India's leading agricultural research institute reinforces our belief that innovation in agriculture can transform millions of lives.

MABIF is immensely proud to support and nurture such remarkable talent.

## MoU between MABIF & CFTRI

NABARD MABIF has entered into a landmark partnership with CSIR-Central Food Technological Research Institute (CFTRI), one of India's most renowned food research institutions, to strengthen the ecosystem for food start-ups, FPOs and MSMEs.

Through this MoU, both organizations will work together to accelerate innovation by integrating shared incubation facilities, advanced research and development support, technology transfer mechanisms, quality testing, training programs and industry-focused innovation pathways.

This collaboration opens doors for entrepreneurs to access world-class food technologies, pilot processing and scale-up support, food safety and quality analysis, and continuous skill development including student internships. By combining MABIF's grassroots incubation network with CFTRI's scientific excellence, this partnership is set to fast-track the commercialization of new ideas and elevate agri-food entrepreneurship across Tamil Nadu and beyond.

Together, MABIF and CFTRI are shaping the future of food processing, value addition and sustainable agribusiness growth in India.

CSIR – Central Food Technological Research Institute (CFTRI), Mysuru  
Date: 05th - 08th December 2025.

### Hackathon on GI Tag Foods

NABARD MABIF's GI Mahotsav 3.0  
CSIR – Central Food Technological Research Institute (CFTRI), Mysuru  
Date: 05th - 08th December 2025.

### Hackathon on GI Tag Foods

MABIF successfully completed the "Hackathon on GI Tag Foods – Innovation Challenge" conducted during GI Mahotsav 3.0, held on 07th December 2025 at CSIR-Central Food Technological Research Institute (CFTRI), Mysuru.

The hackathon witnessed an overwhelming response with 60+ innovative ideas submitted by inter-college students. From these, 8 outstanding ideas were shortlisted for the final pitching round. The shortlisted 8 teams received focused mentorship during the event, showcasing remarkable entrepreneurial spirit and creative problem-solving skills.

### Key Challenges Explored:

1. Developing a digital app to educate consumers about GI tag foods
2. Creating innovative packaging solutions for GI foods to extend shelf life and promote branding
3. Proposing supply chain or distribution models that better connect GI food producers with markets
4. Designing social media campaigns or e-commerce strategies to boost sales of GI tag foods
5. Innovating recipes or food products using GI tag ingredients with a focus on nutrition and sustainability.
